

TRESTLE TABLE

jennifernewman^{studio}

The Trestle Table as part of the new Inside-Outside multi-purpose furniture collection. The tops are constructed from laminated polypropylene birch ply, making a product that lends itself well to inside and outside use. The legs are constructed in steel, offering a very robust understructure, protected from the elements with a special primer and a hard-bake powder-coat finish.

Trestle Table surfaces are available in Light Grey and White. Suitable for Outside-Inside use. Trestle Legs are available in Sulfur Yellow, Red, Black, White or any RAL colour to order.
